ENNEAGRAM TYPING WITH PRECISION AND PRESENCE

Where accuracy meets insight

with Ginger Lapid-Bogda PhD, author of *The Art of Typing*

See deeper. Sense clearer. Hear beneath the words. Catch the patterns. Know the type.

A hands-on, multi-dimensional training that takes you beyond theory into seeing, sensing, and experiencing the 9 Enneagram types

Program Overview

Accurate typing changes everything. This immersive 2-day training equips you with the frameworks, tools, and presence to type with clarity and accuracy – whether you're just beginning with the Enneagram, deeply experienced, or somewhere in between.

Using embodied practices, interactive exercises, and typing tools, you'll be able to...

- Differentiate between types with precision
- Confirm or disconfirm type with confidence
- Recognize wings, arrows, and subtype nuances in real time

Tune up by tuning into...

- Subtle nuances of type expression
- Verbal and non-verbal indicators
- Somatic cues and embodiment patterns
- Subtypes and their variations
- Triads: optimistic, competency, and intensity
- Type overlays: culture, family, gender, trauma

You'll also experience a program that is...

- Comprehensive:* See how the system's components connect
 - Clarifying:* Untangle confusing or contradictory type information
 - Coherent:* Use language that is clear, accurate, and free of jargon
- Join us for two days of discovery and practice. Walk away with the clarity, competence, and confidence to type with insightful precision and embodied presence.

Registration fee includes...

- Lunch and breaks
- The Art of Typing (book)
